

MiTEAM MEETINGS

REAL-TIME COLLABORATION

KEEP YOUR TEAM UNITED. ANYWHERE & EVERYWHERE.

A multi-party video solution, Mitel MiTeams Meeting is designed to bridge the communication gap and make things easier for all your employees.

It offers a true collaboration experience incorporating chat, voice, and video capabilities enabling your employees to keep conversations flowing and ensures your team stay united wherever they are.

REAL-TIME VOICE, CHAT & VIDEO COLLABORATION

Today's workforce is not always all based together, and may be finding it hard to communicate and stay productive.

Disconnected communication channels creates loss of information, delayed decision-making, misunderstandings and stressed out employees.

Often it's due to employees having one tool to chat, one tool to talk, and a separate one for real-time video collaboration.

With MiTeams you can relax knowing you can stay connected and united as a team.

KEEP CONVERSATIONS FLOWING

- Start conversations from anywhere
- Real-time chat logs
- Screensharing

ABOUT US

We're Maximum Network Solutions. We've been designing and developing Contact Centre Software, Customer Engagement & Customer Experience (CX) Solutions for businesses around the World for over 25 years.

Technology that makes life easier for your Agents and customers. Solutions that make servicing customers better on your pocket across all channels and media.

Established in 1995, and with our Head Office in the UK, we deploy our solutions around the World with a local approach, a personal touch. And we support our global clients in exactly the same way, 24 hours a day, 7 days a week.

We've helped world-renowned clients across a wide range of industry sectors from banking, insurance and financial services, to travel, leisure and tourism, through retail, security, automotive, construction and logistics.

We work with and have developed solutions for IT and Technology companies including Avaya, Cisco, Mitel and Capita.

Vendor Agnostic, our CX applications and solutions are designed to wrap around leading digital experience and communication platforms, and telephony systems - in the Cloud and on-premise.
